Metro C5[®] E-Series Non-Insulated Heated Holding & **Proofing Cabinets**

Reliability: The "right" essential features from a trusted brand. Reliability and quality are designed in from the ground up, high-quality components provide a long life of worry free use.

Dual Purpose: Convenience to hold hot food or proof in the same cabinet. Simply flip a switch to go from one mode to another.

Flexibility: Adjustable universal slides provide maximum flexibility to hold different pan styles in the same cabinet. Adjustable on 1-1/2" increments, holds 12" x 20" pans, GN 1/1 and 2/1 pans, and 18" x 26" sheet pans. Wire shelf accessory can also be added to accommodate other items.

More Power: 2000 watts of power for increased performance and food safety in holding applications. Forced convection design gently circulates hot air for improved temperature consistency. Thermostatically controlled, 80°F (27°C) to 190°F (88°C) operating temperature range.

Clear Door: Clear polycarbonate door provides visibility to the interior contents without the heat loss associated with opening the door.

Quick Access, Field Reversible Door: Easy-to-grab magnetic pull latch provides fast, easy, efficient access to food. Field reversible with high quality adjustable gasket seal.

Holding & Proofing Capabilities in the Same Cabinet.
